

# JEROLD JOHN MANALILI

SENIOR UI/UX DESIGNER | WEB, MOBILE & ENTERPRISE APPLICATIONS

 [jeroldmanalili@gmail.com](mailto:jeroldmanalili@gmail.com)  [jeroldmanalili.github.io](https://github.com/jeroldmanalili)  [linkedin.com/in/jeroldjohnmanalili](https://linkedin.com/in/jeroldjohnmanalili)

## PROFESSIONAL SUMMARY

Senior UI/UX Designer with 6+ years of experience designing user-centered digital experiences across web applications, mobile platforms, enterprise systems, and digital products.

Combined with 18+ years of experience in web, graphic, and digital design, I bring a multidisciplinary approach to solving complex user and business challenges. Experienced in wireframing, prototyping, interaction design, design systems, and stakeholder collaboration, with a strong focus on creating intuitive, scalable, and engaging user experiences.

Proven ability to work closely with developers, product teams, and business stakeholders to deliver solutions that balance usability, accessibility, and business objectives.

## CORE COMPETENCIES

| Product & UX Design                                                                                                                                                                                                                                                                                                                                                                              | Enterprise & Digital Platforms                                                                                                                                                                                                                                                 | Collaboration & Delivery                                                                                                                                                                                                                                          |

## PROFESSIONAL EXPERIENCE

### Mobile-Technologies Inc.

UI/UX Designer (Freelance)

2025 - Present

- Led the redesign of the corporate website, creating a cleaner, more modern, and user-focused experience that improved content organization and navigation.
- Redesigned the ISL SDK mobile application to enhance usability, visual consistency, and overall developer experience.
- Redesigned the ISL Web API interface, streamlining workflows and improving information architecture for developers and technical users.
- Planned UX and interface improvements for mPOS, WebCare, and SelfCare platforms to align products with modern UI/UX standards.
- Collaborated with stakeholders to establish consistent user experiences across multiple digital products.

### DFNN Group of Companies

UI/UX Designer (Freelance)

2024 – 2025

- Led UI/UX design initiatives for mobile applications supporting e-government services.
- Designed user journeys, wireframes, prototypes, and interactive workflows to simplify complex citizen-facing processes.
- Collaborated closely with developers, product managers, and stakeholders to deliver scalable digital solutions.
- Improved accessibility, usability, and user engagement through user-centered design practices.
- Contributed to website and gaming interface redesigns, ensuring cohesive branding and improved navigation experiences.

### Express Building

UI/UX Designer (Freelance)

2022 – 2024

- Led end-to-end UI/UX design of product websites using Figma, improving navigation clarity and overall user experience.
- Designed wireframes, user flows, and high-fidelity CRM prototypes supporting business operations and workflow efficiency.
- Worked closely with stakeholders to translate business requirements into intuitive interface solutions.
- Created reusable UI components and modular design systems to improve consistency and scalability.
- Supported implementation efforts through detailed design specifications and developer collaboration.

### RPSGi (Red Pixel Solutions Global Inc.)

Creative Design Executive

2020 – 2024

- Directed UI/UX initiatives and digital creative campaigns for sportsbook and casino platforms.
- Led the redesign of Winroxy.com, creating a cohesive and engaging user experience across sportsbook and casino products.
- Produced landing pages, digital campaigns, banners, and marketing assets supporting acquisition and retention initiatives.
- Collaborated with marketing and product teams to optimize customer journeys and improve user engagement.
- Maintained design consistency across multiple digital channels and platforms.

### 2Success Inc.

Web Designer Executive

2018 – 2020

- Designed interfaces for international betting platforms with a focus on usability and brand consistency.
- Developed marketing landing pages, affiliate assets, and promotional materials supporting business objectives.
- Enhanced internal affiliate management tools by improving interface usability and workflow efficiency.
- Worked alongside development teams to implement responsive and mobile-friendly experiences.

### Pacific Sea BPO Services Inc.

Senior Web / Graphic Designer

2013 – 2018

- Delivered creative design solutions for major betting platforms including 12Bet.
- Produced landing pages, marketing creatives, promotional campaigns, and user-facing digital assets.
- Mentored junior designers and provided guidance on design quality and best practices.
- Coordinated with project teams to ensure timely delivery and consistent creative execution.
- Contributed to UX improvements across web and promotional experiences.

## PROFESSIONAL EXPERIENCE

### LadyLuck Digital Media

Team Lead – Web Graphic Designer 2012 – 2013

- Managed a team responsible for web graphics, Flash assets, and digital marketing creatives.
- Oversaw project timelines, quality assurance, and resource allocation.
- Maintained branding consistency across client campaigns and digital initiatives.
- Acted as primary point of contact for client design reviews and approvals.

### Pivotal Technologies Inc.

Web Graphic / Flash Designer 2009 – 2012

- Designed web graphics, interactive assets, and digital campaigns for major brands.
- Supported campaigns for Nestlé (Milo, Nestea, Chuckie), Purina, Smart, Globe, and Ninoy Aquino digital initiatives.
- Collaborated with developers to create engaging interactive experiences and branded campaigns.
- Maintained design libraries and production workflows to improve team efficiency.

### TopMarketing Solutions Inc.

Head Graphic Artist & Team Lead 2007 - 2009

- Managed creative production and supervised design teams across multiple client projects.
- Oversaw project planning, task allocation, and quality control processes.
- Maintained visual standards and ensured delivery of high-quality creative work.
- Coordinated directly with clients to gather requirements and present design solutions.

### Zone 5 Studios

Graphic Artist (OJT) 2007

- Assisted in the production of graphic design assets for digital and print media.
- Supported senior designers in campaign execution and multimedia projects.
- Created marketing visuals and promotional materials for client initiatives.

## SELECTED PROJECT HIGHLIGHTS

### E-Government Mobile Applications

Led UI/UX design initiatives supporting citizen-facing government services, improving accessibility, usability, and digital engagement.

### ISL SDK Mobile Application

Redesigned developer-focused mobile experiences to improve navigation, usability, and workflow efficiency.

### ISL Web API Platform

Modernized interface architecture and information hierarchy, enabling developers to access tools and documentation more efficiently.

### Winroxy Platform Redesign

Created a cohesive user experience across sportsbook and casino products, improving consistency and engagement.

### CRM Platform Design

Designed scalable CRM workflows and interfaces supporting operational efficiency and business processes.

## EDUCATION

### Asia Pacific College

Bachelor of Arts in  
Multimedia Arts

### De La Salle University

Web Design Short Course

### First Academy School of Arts

Motion Graphics Short  
Course
